JAMES MACRAE ESQ^{R}. GOVERNOUR PRESIDENT.
NATHANIEL TURNER. JOHN EMMERSON.
RANDALL FOWKE. JAMES HUBBARD.
JOSEPH HOUGHTON. RICHARDS HIGGINSON.
ROBERT SYMONDS.

Ingerum agreed to be made Dependant on Vizagapatam.

The President Represented to the Board that the ships being now all gone home, it was a proper Time to consider of the Investment for the ensuing Year, that accordingly He had for some time Turned his thoughts to the Northern Settlements, and was of opinion that so long as Vizagapatam and Ingerum were Independent on each other there would always be a Competition between the Two places, by means whereof both Places might possibly be disappointed of their goods,

—*FORT ST. GEORGE, MARCH 1725-26*—

and that it was indisputable that the Fabrick would be the worse for such Competition. wherefore He proposed that Mr. Blunt shou'd be appointed Second of Vizagapatam and Reside at Ingerum as He has for some time done. to assist and further the Investment to the utmost of his power, and that for his encouragement He be appointed to Succeed Mr. Symonds when He leaves Vizagapatam, to come up hither. These Proposals being readily Agreed to, Mr. Blunt was called in and acquainted with the Resolves of the Board, and He with Mr. Symonds both promisd their utmost endeavours to give us a large supply of good cloth the ensuing Season.

Supply of Cash And Rupees to be sent to Vizagapatam and

ORDERED that Five Chests of Silver be coind into Rupees for Vizagapatam; of which that to the amount of one thousand Rupees be coined into Half-Rupees, and to the amount of one thousand more into Quarters.

[new] pagodas to be provid[d].

ORDERED likewise that the Secretary do provide new pagodas for the Northward.

Proposal made to the Merchants touching a [new] Contract to be made.

The Northern Investment being thus Settled, our own Merchants were called in and a proposal made to them as follows:

That they shall engage in a contract at Fort St. George for two thousand Bales of cloth, to be delivered one half in August, & the Remainder by the last of January next.

That they shall Take all the Broad cloth at the usual advance to be kept under Two Keys, one of which to be left with themselves and the other with the Warehousekeeper, that before they Take any out of the warehouses It shall be paid for in Ready money, and that the whole amount shall be paid off by the First of April 1727. In Consideration of which the Board (they were told) would abate the penalty to be Inflicted for breach of the last contract to Ten thousand Pagodas, but if they would not do this, they must Expect to Pay the whole amount of the Penalty.

which Terms they at length agree to and

Upon the Hearing these proposals the Merchants Immediately declared they could not engage by any means either to Take the Broadcloth, or contract for above eight Hundred Bales; and to this they adhered for a Considerable Time, but at last after near two hours debate, finding the Board determined to exact the whole Penalty if they did not agree to the Terms proposed, and being excused from any Contract at Fort St. David they Consented: having first obtained a promise of the Board that if they complied within Three hund[d]. Bales, no penalty should be exacted.

the Penalty for their breach of the last fix'd to Ten thousand pagod[s].

After which the Board considered upon the Penalty: and AGREED that for as much as the Madrass contract for last year had been much better Complied with than that at Fort St. David that our Merchants had Contracted for so large a quantity as Five thousand Bales here, and had also bought the Broadcloth; these Ten thousand pagodas shou'd be Levied on Fort St. David, where the Contracts do indeed mostly Run in Sunca Rama and Tomby Chitt[ee's] names, but are divided with other people. It was also AGREED y[t]. the Half thereof be Levied on Sunca Ramah's Sett, and a Quarter each on Tomby Chittee's and Sadashaverow's, agreeable to the proportions of their Contracts.

from Fort St. David.

N°. 15 dated 27th. February from the Deputy Governour and Council of Fort St. David: Enclosing the Merchants Accounts Current with states of their Contracts, and account of what goods are secured for payment of their Debts to the Company: which accot &c^{t}. are entered in the letter Book Received.

A State of y^{e}. Merchant's Accounts d^{d}. In and the Wareb^{o}. keeper permitted to deliver the Rem^{r}. of y^{e}. last year's broad cloth upon good Security for payment of y^{e}. money In three months.

The Accomptant delivers to the Board an account of the Merchants' debts here, together with what goods remain for security to the Company, as entered after this Consultation by w^{ch}. It appears that there is no more than between Twenty three and twenty four thousand Pagodas for which we have not got Security, and they being now engaged in a new Contract which will soon Clear that Sum, and desiring they may have the Remain[der] of the former year's Broad cloth delivered them upon giving Security for the money, It was after some debate, AGREED to; and the Warehousekeeper permitted to deliver it them, tak^{e}. bonds with good Security for the money, Payable in Three months.

500 Bales of Sunca Rama's Turnd out cloth at Fort St. Dav^{d}. to be d^{d}. him. and Tomby Chittee's Cloth likewise.

Sunca Rama being by the state of his Contract from Fort S^{t}. David entirely out of debt there, and desiring He may have his Turn'd out Cloth delivered him, that was Secured: AGREED to permit the Deputy Govern^{r}. and Council to deliver to his people five Hundred Bales, and

Tomby Chittee not being much Indebted there and his Partners Responsible Men, It was further AGREED that the Deputy Govern^{r}. and Council may deliver up what is Secured of their cloth, Taking bonds for their debt payable in Two months.

Company's Garden wall a part of It that fell down [la]tely to be Repaired.

Part of the wall of the Company's garden being fallen down in the late monsoon, the length of Two Hundred and eighty Feet, AGREED that it be Immediately Repaired.

[The] Paymaster advd. Ps. 1000.

ORDERED that one thousand pagodas be advanced the Paymaster for Charges Garrison &c^{t}.

[The] Scavenger ord^{d}. to Issue [his] notes for all moneys [coll]ected by him on that [duty].

M^{r}. Higginson Representing to the Board that it had been customary for the Scavinger's Conicoplies to Collect that duty without notes, which might possibly give occasion for Frauds; He desired the orders of the Board to prevent any more being so Collected, which was AGREED to: and the Tomtom ordered to be Beat, giving notice of the same.

TO THE HOÑBLE JAMES MACRAE ESQ^{R}.

PRESIDENT AND GOVERNOUR OF FORT S^{T}. GEORGE &c^{R}. COUNCILL.

HOÑBLE SIR & SIRS

Having Received Instructions from the Hon^{ble}. President to give in a Report to this Hono^{ble}. Board of the state of affairs at Vizagapatam I shall as briefly as possible offer this to your Hon^{r}. &c^{t}. consideration.

First as to the Garrison consisting of eighty five men Including the Gunner's crew which is as few as is absolutely necessary to man the Fort and maintain the Outworks w^{ch}. cover the Town, the securing of which is of almost as much consequence as the Fort itself consisting of Three guards [w^{h}.] constantly Take Half of our Military and when the Nabob [or] any Camp Lies near us, are Reinforced from the Fort.

As to Fortifications and Repairs I Hope there will be no necessity of putting the Company to any extraordinary expence for some Time since a moderate charge will Keep the Buildings in the condition they are now in.

The Revenue arising from the Customs, Import & Export Beetle Tobacco and Arrack Farms with two villages within the Companys district I Hope with good management may be brot in a Year or two to discharge the Rent which is Annually paid the Nabob. It has been upon the encrease these four or five years notwithstanding we have almost lost the Salt manufacture w^{ch}. formerly used to Bring in a hundred and fifty pagodas ℔ Annum.

I Believe the Sea and Land Custom might be considerably Improved were they Farmed out under some Restrictions but whether that be agreeable to the Hono^{ble}. Company's orders is what I Humbly submit to Your Hon^{r}. &c^{t}.

Presents given to every new Nabob upon his Entrance into the government have by Custom and prescription so far prevailed that they are esteemed now rather a due debt than any thing else and not to be denied without coming to an open Quarrel with the Government.

Your Hon^{r}. &c^{t}. having Lately made such a disposition for carrying on the Investment as is necessary I have no occasion to say any thing upon that Head.

The getting the cloth washed at Vizagapatam being a matter of the greatest Consequence I have sent Washers from hence to Instruct ours and shall carry Stones and all other materials necessary to bring that work to some Perfection.

—— *FORT ST. GEORGE, APRIL 1726* ——

It would doubtless be of Great Service to send the cloth purchased at Quotapatam and thereabouts to be washed at Ingerum and shipped-off from thence. It lies only liable to this Exception the danger of having so much of the Hoñble Compa^{s}. estate Lodged in a place where there is no Fortification or forces to Protect it and of this we have an example it being not lo[ng] since a neighbouring Rajah seized to the value of six thousand pagodas in Cloth belonging to the British for which they have [not] Yet Received the least satisfaction I do not see w^{t}. be[tter] Security we have at Ingerum should that Rajah's nece[ssity] force him upon such unjust measures, as for Cash it's [not] Conveyed out of the way and any man upon an exigenc[y] can secure that and his person when He cannot conce[al] Effects of any sort more Bulky.

Your Hon^{r}. &c^{t}. have so often Repeated to us yo^{r}. ord[er] in Relation to our lessening Expences especially in the Branch of it Peons and Servants wages that I cannot do [more] than assure you that as soon as I arrive there it shall be Reduced at least a quarter part, at the same time I [Beg] Leave to lay before this Hoñoble Board such Inconve[nience] as may aise from so doing.

What Peons we turn out of the Service must w[ith] their families remove to some other place to seek a Livelihood and should we at any time have any difference with the Country government we should be hard put to it for peo[ns] to attend us at least such as are Trustworthy nor can any be deemed so except such as have their wifes and Families upon the spott as a Security for their good Behaviour, on the other hand it is more than probable these very people must be employed against us who being well Acquainted with our strength (which is more imaginary than Real) and y^{e}. Avenu[es] to the Town may enable the enemy to do us a great deal of mischief, there is another Consideration thô not of so much weight as to continue an extraordinary charge on that accot the Influence it will have upon our Rents and Revenues since upon a reasonable computation at least a Third part of the pay these people receive Returns again through th[at] Channell into the Company's Cash.

HOÑBLE SIR

The many and great greivances I Labour under and the Inconveniencies and Hardships I suffer in being unavoidably concerned with Mr. John Sarson oblige me to Lay my case before your Hon^{r}. and humbly sue for redress I therefore beg leave to deliver this short representation as follows. I arrived at Mocha in February 1722/23 where after almost Three month's continuance I was seized with a Violent illness which held me till my departure the July Following during which time I was Incapable of Prosecuting my own affairs and destitute of any assistance so that upon

— *FORT ST. GEORGE, APRIL 1726* —

my leaving Mocha I had no one to commit the case of my goods to, but Mr. Sarson in whose Hands I left them taking his Receit for the same and a promise Included therein to dispose of them the best he could for my advantage, at the same time advancing me seven thousand Spanish Dollars to clear my Respondentia bonds at Bengal notwithstanding Mr. Sarson's promise to me under his own Hand I Cannot by all possible Enquiry find that ever He offered any of these goods to sale before the Arrival of the next years shipping, the day I Left Mocha Mr. Sarson proposed sending a quantity of Fine Bengal Goods to Juddah by Mr. Curganven whither I Told him I was willing to Risque mine If He thought proper but that project it seems dropped, again Shaik Omara Judda Merchant then in Mocha and no small Trader offer'd very Good prices for a Considerable part of those goods to Pay in six months and Gowree the Companys shroff offered to be his Security as far as Five or Six thousand Dollars but this opportunity He likewise mist, some goods of the same sorts belonging to the Owners of ship Mocha Galley Mr. Sarson bought at better prices than mine sold for, thô mine were in his Hands at ye. same time and goods of the same kind freighted from Bengal the Year following on ship Newmarkett cleared of all Chars. Thirty ℔ Ceñt and further when Messrs. Benyon and Wilkie my Attorneys arrived at Mocha in the Charles & would have assisted in the sales of those goods Mr. Sarson cou'd not be prevailed on to deliver them for that Purpose so that they were at last exposed to sale for Ready money amongst the English as appears by his Acco. Sales. By all this unaccountable management for I can give it no better Term I think it is evident I am a Considerable Sufferer by such disposal of my Goods. Another Confirmation of his Indolent Behaviour Appears by his Neglect of Two notes I Left with him to Recover some money from Two Inhabitants of that Place, the Persons He writes me word are both Insolvent thô one He knows has effects in houses on the place and the other He suffered to go over to the Abassine country when He ought to have detained him on Acco. of his debt to me.

As to the Account Mr. Sarson sent me I object as follows:

First, I am not Credited for Twelve bags of Sugar Included in his Receit @ 7 dollars ℔ Bag	84	—	—
Secondly, Five ps. Stitched Hummums Prime cost in Bengal Rups. 150 at 20 Dollars each	100	—	—
Thirdly, The Article of Commission which He charges at five ℔ Cent on ye. sales and thô Messrs. Benyon & Wilkie were employed therein He Takes ye. whole to Himself; whether 5 or 2½ is customary in such cases or Mr. Sarson to take the whole Himself is what I humbly submit to your Honrs. consideration, the amount of commission charged is	320	75	—
Fourthly, Commission and custom charged on sevl. Goods wch. were missing amount to	21	68	—
Fifthly, Wrappers with Wax Cloth 16 at 2 dollars each .. .. 32 — —			
Benjamin chests 19 @ 2 .. .. .. 38 — —			
	70	—	—
Sixthly, for my Proportion of ship Mocha Galley as Owner for a debt due from Mr. Sarson to sd. Owners amots. to Drs. 734 : 70 : Part is	117	66	—
I Come now to Consider the Contract wch. Capts. Williams and myself made with Mr. Sarson for all the lead then expected on the Right Honble Company's shipping in Return for Purrahs; we having complied on our parts and Mr. Sarson Failed on his the whole Quantity on the Three ships was ninety Tons all which was to be dd. Capts. Williams and myself @ 15 Dollars Current ℔ Mocha Bahar, as appears by my Diary wch. upon the nearest Calculate comes out 4 Rupees twelve Annas Current ℔ Bengl. maund and the price that Year in Bengal at my arrival not under seven rups. so that I state the difference thus for my half part Lead 45 Tons @ 30 mds. Bengl. ℔ Tonn are Maunds 1350 @ 2. 4. ℔ md. is Rups. 3037. 8. @ 1. 14. ℔ Current Dollar are dollars	1620	—	—

— *FORT ST. GEORGE, APRIL 1726* —

The next last Heavy Article I shall presume to trouble your Hon^{r}. with is that of the Interest on y^{e}. seven thousand Dollars w^{ch}. M^{r}. Sarson charges me wth. & w^{ch}. coud not have been at most but on Three thous^{d}. Dollars had M^{r}. Sarson made good his Contract because the Lead woud have discharged my Resp^{n}. Bonds as well as ready money, this I Hope will be Considered.

The whole amot of y^{e}. Interest charged is .. .. .. 1040 75 —

I Fear least I shoud prove troublesome to your Hon^{r}. and therefore ask pardon for this freedom thô I hope I have not Insisted too far for I would carefully avoid committing any thing Inconsistent with Justice and equity and thô I am Reduced to such streights and undergo so many and great hardships far be it from me to entertain any thoughts of Extricating myself by my indirect or unwarrantable Practices. I am with all Submission

——*FORT ST. GEORGE, APRIL 1726*——

To the Hoñble James Macrae Esq^r^.

President and Govern^r^. of Fort S^t^. George &c^r^. Council.

Hoñble Sir &c^r^.

In pursuance to your order of Council of the 12^th^. Instant we have thoroughly Examined y^e^. West Coast Consulta^s^. and Accounts lately come from Thenee ℔ ship Grantham & now lay before your Hon^r^. &c^t^. what Remarks we have made thereon.

As to the monthly Expence of the Coast we have compard It with that Settled by the Honble President when He was SupraVizor and find the expence as follows.

Charges Garrison Settled	914	1	60	Present Expence	922	—	—
Charges Diet ..	480	—	—	..	428	3	33
Charges General, includ^s^.				..

Sillebar [P]aggar	15	--	—	..	10	2	25
Moco moco Factory	350	—	—	..	430	1	74

the Reason why Charges Garrison amounts to more than Settled by the Supravizor we Take to be by their Entertain^s^. Eight more Bugguesses than they were allowed w^ch^. comes to 317 Dollars ℔ month.

The list of the Honble Compa^s^. Standing Forces at Fort Marlbrough as ℔ the paymaster's Acc^o^. in November last is as follows.

1	Capt^a^. Joseph Walsh Esq^r^.
2	Lieutenants—Michael Jedderee, Peter Nangle.
2	Ensigns—Gabriel Stewart, Simon Rodenburgh.

2	Mates do.

Charges General Including Hospital charges, comes to almost double what they were fixed at by the Presid^t^. when SupraVizor. The extraordinary expence seems to us to arise as follows.

Extraordinary Expence in Charges General for one year					634 — 3

The Encrease of the Charges Slaves Since y^{e}. SupraViz^{rs}. Settlement amounts to Dollars 147—1—61 and we take to be occasioned by the Slaves lately sent them from S^{t}. Helena the Deputy Govern^{r}. and Council Affixed a day for Selling some of the Slaves but no person appearing to bid any Reasonable Price is the reason they say why that expence is not reduced.

The expence in Moco Moco Factory is encreased since the Supravizors Settlement Dollars 80—1—74 ℔ month which encrease has Risen mostly by Hiring Bugguesses, a Recruit of Forces from Fort Marlbro, and other Expences the Troubles near that place put them to for defence of y^{e}. Settlement and pepper plantations.

By the Moco moco Accounts we find M^{r}. Wheake has Charged in his Accounts, for Materials for Buildings, in July, August, September and October, Dollars 705—2—10.

Account Repairs of Buildings at Fort Marlbrough amounts to, for one year, Dollars 2140—3—7 w^{ch}. charge seems to be Unavoidable.

Having observed in the Presidents Report when He Arrived as SupraVizor from the West Coast that the 16th. May 1724 the Gentlemen appointed by him for Valuing what the Fort &c^{t}. Buildings woud Amount to for Finishing did put y^{e}. Expence at Nine thousand dollars as ℔ Acco^{t}. particulars Entered after Consult^{n}. in the West Coast Book we presume it our Business to lay before your Hon^{r}. &c^{t}. what Sums have been Expended on the Fort and other Buildings Since the Report Abovemenconed.

On the North Bastion Expended	Doll^{rs}.	7394	2	52	
On the North West Bastion		1455	—	87	
On the North East Curtain		466	2	—	
On the South Bastion		957	1	—	
On the South East building		1414	—	49	
	Dollars	11687	2	88	

so that this Expence Amounts to, more than the Calculation, Dollars 2687—2—88.

— FORT ST. GEORGE, APRIL 1726 —

On the Ballance of Fort Marlbrô's General Books end^{g}. April 1725 we observe See Jibb China Man stands Debtor Dollars 8220 that Sixteen Hund^{d}. dollars has been adv^{d}. him Since the ballance of the books beforemenc̃oned & that in the whole 3200 Do'lars has been adv^{d}. him since y^{e}. Supraviz^{r}. left the Coast, we Cannot find that for this great debt of 9820 Doll^{rs}. He has Brought in more than [*lacuna*] Leaguers of Arrack sent us by the Grantham Invoiced at [*lacuna*] and Sugar sent us by s^{d}. ship Invoiced at [*lacuna*] we fear this will be an Eating Charge In our Hon̄ble Masters Estate and therefore beg leave to Offer to Your Hon^{r}. &c^{t}. Consideration that a Stop may be Put to this in Time.

We observe that in October the Paymaster pays Doll^{rs}. 60 for 2 p^{s}. Crimson Sattin and one p^{s}. Flowered Silk: this ought not to have been done, the Hon̄ble Compa^{s}. orders being to make no Presents but in their own goods and they had none of those goods Sent them from Hence.

In November Following the Paymaster charges for presents forty quarter peices of Longcloth and six p^{s}. of Chints witho^{t}. mention^{g}.to whom given.

In the Fort Marlbrô Journal ending April 1725 we find a Very extraordinary Entry as Follows.

(Moco Moco Factory for the ballance due there from being the Amount of what) Seems to be expended in that Settlement from 1st Dec^{r}. 1722 to the 1st. Jan̄ry 1724/25 during the Time Mess^{rs}. Lesley, Shelley and Wheake were Chiefs there the first of whom is dead the Second Run away and the last has not Regularly Accounted for his disbursements w^{ch}. is the reason that this Head must Still be Charged with dollars 29914-3-56.

M^{r}. Philip Heigham Wheake is with the Deputy Govern^{r}. &c^{t}. Council of Fort Marlbrough and sho^{d}. have been obliged to have Regularly Accounted for his disbursements before the ballance of their general Books ending April 1725, Two Copies of w^{ch}. Books the Deputy Govern^{r}. and Council have Sent us by the Grantham, one Sett to Send to our Hon̄ble Masters and the other to keep in the Accomptants' office here but neither of the Setts are signed by the Deputy Govern^{r}. and Council accord^{g}. to our Hon^{ble}. Masters directions.

In Consult^{a}. 30th. Jan̄ry 1724/25 An order is made for paying a Bill of Two Hundred dollars expended (by the Deputy Govern^{r}. we Suppose) in entertaining the Hon̄ble Company's Servants at Christmas and New Years day, we belive this charge is not Allowable by any order from the Hon̄ble Company or this place.

In Consult^{a}. the 15th. Decem^{r}. the Deputy Govern^{r}. & Council Purchase of Capt^{a}. Feild Command^{r}. of the Grantham a parcel of Stores chiefly Stationary ware, Saddles, Bridles and nails, amot^{g}. to dollars 537 — 70 and allow him 50 ℔ Cent profit on the Same, this ought not to have been done without an Unavoidable necessity.

In the West Coast General Letter ℔ Grantham the Deputy Govern^{r}. and Council Refer to your Hon^{r}. &c^{a} a parcel of Stores want^{g}. In the godown which M^{r}. Welsh says were Stole-Mess^{rs}. Thomas Wilford and Dav^{d}. Carnegie were ord^{d}. to Survey the s^{d}. godown & in Consult^{a}. the 16th. December deliver in their Report in w^{ch}. they observe the Bamboos were Broke and Several Holes made Into the godown the godown itself very Rotten the Tools and other Things Scattered about in a disorderly manner and [...] of Oil oversett.

In November last we find by the West Coast Books that they have only at

Marlbrô.. .. .. ⊕	1099	2	—
at Sillebar	320	3	—
at Moco moco .. .. Bah^{r}.	104	565[lb ?]	

We are Surprized that M^{r}. Thomas Dunster still Rem^{s}. a Debtor on the West Coast Books Dollars 2292-3-47 when y^{e}. Dep^{ty}. Govern^{r}. and Council have goods Sufficient for the Security of s^{d}. Debt: we know not how the Deputy Govern^{r}. and Council can Excuse themselves for not Selling the said goods since the SupraVizor on his leaving the Coast positively ordered the goods to be Sold and M^{r}. Dunster's debt Cleared, they have also had the Same orders from Hence.

——*FORT ST. GEORGE, APRIL 1726*——

In Respect to the George Brigantine being Kept So Long on y^e^. Coast contrary to your Hon^r^. &c^as^. Positive orders we must Refer to their Consulta^s^. and General Letter and the same in respect to their dispatching the Grantham here an Empty ship instead of sending her to the Northern Settlements to Take in what pepper they had there on Hand after w^ch^. she might have been Sent Hither to be Filled up for Europe.

Peticoner's Correspondent Immediately Hired a Pattamar for Thirty Rupees and dispatched him for Madrass acquainting yo^r. Petitioner how He was Served & losing an Opportunity and advised your Petitioner to withdraw his Respondentia bond from M^r. Drake, your Petitioner upon the Receipt of this went to M^r. Drake and told him what happened who wrote a Second letter to his Attorney, your Petitioner then told M^r. Drake that it Signified nothing for the opportunity was already Lost. Y^r. Petitioner as M^r. Drake was his Freind and not caring to make any difference Received the Letter and sent it away but in the Interim before the arrival of the Letter your Petitioner's Correspondent delivered some goods to M^r. Drake's Attorney to be Sent to your petitioner on his own Account as He usually did and upon the Arrival of the s^d. goods here M^r. Drake without any authority Seized the same, this yo^r. Petition^r. hearing went and told him that it was very hard he should Seize your Petitioner's goods before He can Tell whether his Attorney deliver'd the Coral to his Correspondent or no; but notwithstanding M^r. Drake has Sold your Petitioner's goods for upwards of one & twenty hundred pagodas your Petition^r. is very certain he could make it if for himself Two thousand Five hundred pagodas whereof He is to have but

The Humble petition of Sake Habdur Ganneene.

That M^{r}. Carter having sold your Petitioner Some Cowries for Eighteen hundred pagodas your Petitioner gave him a Respondentia bond for them at Twenty ℔ Cent and Risque was to Run on your Petitioner's Ship Mahomud Servaree bound to Bengal and back again to y^{s}. port of Madrass, now upon your Petitioner's Ship's Arrival at Bengal your Petitioner's Correspondent at Calcutta Received the Cowries and provided goods for the ships Return to Madrass w^{ch}. being ready to be put on board M^{r}. Carter's Attorney there Took the Goods away by Force, then your Petitioner's Correspondent Immediately provided another Cargo for the ship & dispatched her for Madrass upon the Ship's Arrival here M^{r}. Carter sent his Conicoply on Board to Take an Account of her Cargo, this Yo^{r}. Peticon^{r}. hearing went to M^{r}. Carter & Told him of his unhandsome usage to him by Taking away his Credit & to Suffer his Attorney at Bengal unjustly to Take away Your Petitioner's Goods and Lade them on b^{d}. another Ship which consequently run the Risque on your Petition^{rs}. Ship now about Twenty days after the arrival of yo^{r}. Petitioner's ship Mr. Carter Rece^{d}. the afores^{d}. goods from Bengal and Altered your Petitioner's marks thereon and kept them In the Sea gate godown, some time after M^{r}. Carter Sent for your Petition^{r}. & Told him to Take his goods away upon Security, then your Petitioner told him that he thought it very hard Supposing the goods had been lost in that ship He was Sure nevertheless that He would not have allowed the risque on that ship but Your Petitioner's, but would have made a dispute & wo^{d}. not Take away the goods unless he would Allow him the Loss He had Sustained through his former usage that is by taking away the Sale of his goods and losing the opportunity of their coming on your Petitioner's Ship w^{ch}. arrived first here the goods then being at a Better Price also the Loss of the Freight of the goods and likewise the Interest by Keeping your Petitioner's goods from him so long a Time the goods amo$\tilde{t}$ to Two thousand Five hundred pagodas; He has also already Rece^{d}. of M^{r}. Drake the Sum of nine hundred pagodas in part of the amount of goods belonging to your Petitioner that they have before unjustly Seized and Sold as they Thought fitt. M^{r}. Carter has now In his custody may it please your Hon^{r}. in money and goods of your Petitioners three thousand four Hundred pagodas and M^{r}. Carter's Principal & Respond^{a}. is no more than Two thousand one hundred and Sixty & out of y^{e}. goods that was In the Seagate godowns has Lost half a Chest of Ophium. Therefore Your Petitioner most humbly begs your Hon^{r}. will be pleased to do him Justice your Petitioner being a poor Merchant, a Native of Della Agra and hearing of the great Justice of Trade here and the wise and good management of the Hoñble Government induced him to trade here but your petitioner never before had so much injustice done him & humbly Begs your Hon^{r}. will See justice done him yo^{r}. Petitioner having no other Reliance than on your Hon^{rs}. Clemency and Favour and as In duty bound,

Shall Ever Pray &c^{t}.

To the Hoñble James Macrae Esq^{r}.

President and Governour &c^{r}. Council of Fort S^{t}. George.

Hoñble Sir & Sirs

It was with Surprize I Received a paper from your Secretary containing a Complaint of one Sake Habdarganeene setting forth that I had lent him a Sum of money at Respondentia on the Harrison to Bengal and back hither and for Security

of which He had lodged a Chest of Coral in my hands, that that chest of Coral was unjustly detained from him in Bengal by my Attorney notwithstanding the Plaintiff had fulfilled his Bond. He charges me moreover with hav^e^. Seized his goods which came from Bengal for the payment of his Resp^a^. and that I had Sold the same to his great Loss and Detriment selling them but for twenty one hundred when they were really worth Five and twenty hundred pagodas.

This I Take to be the substance of this extraordinary Charge w^h^. could y^e^. Plaintiff make good in any one part I sho^d^. deem myself very ungratefull and unworthy of that Intimacy w^ch^. Shake Hubdarganeene urges has been a long while betwixt us.

It will be needless to Take up much of your Hon^r^. &c^t^. Time In answering a matter that has much more of Romance In it than the least colour of Truth and looks as if the man had rather dreamed that I had used him thus than that being in his wits He sho^d^. have y^e^. Assurance to deliver so bold a Falshood before this Honble Board.

I Beg Leave to lay before you the Plaintiffs bond to me w^ch^. will at once determine the Injustice of his first Assertion viz^t^. of my Attorneys having detained the Chest of Coral from the Plaintiff's Correspondent In Bengal when it was his right to have the Same d^d^. to him. This is so far from being True that by his Bond He had no manner of Right to it without lodging at the same time goods in my Attorney's hands Sufficient for the discharge of my Bond which he did not do; [...] not within five months and a half after ship Harrison's Arrival in Bengal, thô He was Bound to it by his Bond and It was full Seven months before he did bring in any at all and then not more than y^e^. Principal of his bond and it was March w^ch^. was near ten months after ship Harrison's Arrival in Bengal before He brought in y^e^. Rest. So that the reason of his not having the Coral delivered to him as soon as it Arrived in Bengal was oweing to a failure in himself in not performing his Contract, and not to any mismanagement on y^e^. part of my Attorney who had no warrant to deliver the Coral witho^t^. having Sufficient Security of goods lodged at the same time in his hands to Satisfie my Returning Risque up here from the Bay.

As to his other Allegation of my having unjustly Seized his goods on their Arrival here and Disposed of them at that undervalue He Talks of, this too is as weak and Inconsistent as the other is, weak and groundless for those goods were consigned to me with my own mark upon Them and for w^ch^. I had a bill of Lading & So Regularly Came into my hands So that of Course there was no Occasion of Seizing them and for the matter of disposing of Them I had there I profess So little a hand that I Scarce Saw his goods but that on y^e^. Contrary as soon as they were cleared at the Seagate at the Plaintiff's Request and at his procuring Sumadru for his Security He had forthwith the goods delivered to him nor have I Ever had any Thing to do with Them nor do I know whether a Piece of 'em is yet Sold or not, but what equally Surprizes me is y^t^. y^e^. Plaintiff never has Complained to me of all this but on the Contrary has Sollicited my Friendship as much as ever and within these few days has entreated my Assistance and Credit to Accomodate a difference between him and a Creditor of his, had I been y^e^. least Rigid with him even though the Tenour of his bond might have Justified me therein He might have been angry at my punctuality and accused me of Severity but in this I profess I proceeded with all y^e^. Justice due to him for as soon as his goods were Cleared on his Bringing Sumadru for Security He had forthwith y^e^. same delivered to him.

This is a Very sad Complaint to be laid before yo^r^. Hon^r^. &c^t^. against me who have had the honour to Sit at your Board w^ch^. makes the Indignity very Great and will I Doubt not Engage yo^r^. Notice of it So far as to make an Example of the Author for having with So much wickedness and folly Endeavourd to traduce the Character of one who has So little deserved it of him & whose Ambition It is to be

To the Honble James Macrae Esq^r^.

President & Governour of Fort S^t^. George &c^a^. Council.

Honble. Sir &c^a^.

In Answer to Abdullganny's Petition as He calls it I shall not give your Hon^r^. &c^a^. much trouble though myself a great deal of pleasure in manifesting my own just Proceedings in y^e^. Affair and exposing his most Abominable Aspersions. I sold him eighty Candies of Cowries amounting to Pagodas eighteen hundred to Run at Twenty ℔ Cent Respondentia from hence to Bengal & back again and took his Bond for it in w^ch^. you will Find expresly mentioned that those goods were to be delivered to my Correspondent M^r^. Tho^s^. Falconer as Security for the discharge of the said Bond or till the Agents or Factors of the s^d^. Abdullganney sho^d^. bring an Equivalent Amount in other goods to be Laden on such ship hither as M^r^. Falconer should think proper consigned to me w^h^. Sufficiently prove his Consent in y^e^. Affair. At the Arrival of the Plaintiffs ship here I never Sent or ordered any person whatever to go on board his Ship neither indeed did I Imagine there was any occasion for it being Entirely Satisfied my Correspondent woud Take all proper & Just methods for y^e^. Security of my debt as to his other Base charge of my Altering the marks on the Bales the Contrary will very easily Appear by Comparing the marks with the bills of Lading Part of y^e^. goods being still In y^e^. seagate godowne his pretence of Losing money by y^e^. Sale of those goods because not Shipd on board this Vessel is very weak and Frivolous when M^r^. Falconer as I said before has liberty of send^g^. his goods up hither on what good Vessel He shall Think proper. Also the Sale of the Six Bales of Rawsilk that came on the Harrison I never had them in my Custody He had all the Liberty he coud desire In y^e^. disposing of them for He brought all y^e^. Merchants to me & sold the goods himself for y^e^. produce of w^ch^. I took notes of the Buyers payable in Two months the Rest of goods which now Remain for Security of the Remainder of his Bond He might have disposed of in the same manner If He thought fit but as his last year's Bond is not yet quite discharged I did not Think it Safe to Trust him. too far in this

Your Hon^r^. &c^a^. are very Sensible how Tender the Credit and Reputacon of a Merchant is though that is not all I consider now as the advantage of being in y^e^. Company's Service is what I always did and shall set a great value upon and 'tis the utmost of my ambition to become an usefull and profitable Servant to them but what must a man expect from them and all mankind sho^d^. he be found chargeable with the Petitioner's Allegations but the loss of his good name and Every thing that can be dear to him: tho he does not in direct words Tax me with Forgery he borders as near upon it as can be & y^o^. all know how such crimes are rewarded by our Laws. I hope I have Sufficiently cleared myself to your Hon^r^. &c^a^. & therefore desire he may meet with such a punishment as may in some measure be tho^t^. Suitable to the hardships I sho^d^. Suffer & y^e^. Losses I might Sustain coud but any one of y^s^. notable Petitioner's Assertions be proved.

Capt^a. Thomas Hill petitions for leave to stay In India Sometime Longer.

Petition from Captain Thomas Hill Read as enterd hereafter praying that we will indulge him so far as to permit him to Stay in India some time longer till he can have put his affairs in order.

which is granted him

This matter being for some time debated and the Company's order about Captain Hill duly Considered it was AGREED to indulge him for the following Reasons.

and

That He has now made a Submission which the Board is Contented with.

The Reasons for so doing Given.

That one Chief Reason why our Honble Masters in their letter by these Ships order him home was that He came out without leave which Reason ceasing by his having been admitted to Free Merchants indentures here in the year 1719, It is therefore thought not disagreeable to the intentions of our Masters to let him Stay.

It was a further Reason that not expecting such an order He had engaged so far in a voyage that it wou'd have been a very Great loss both to himself and Several others to have put it off & the offence being to this Board & as we think a Sufficient Submission now made to us we Believe our Honble Masters will acquiesce with us in this determination especially as He will go home as soon as this voyage is ended.

——*FORT ST. GEORGE, JUNE 1726*——

Petition from Mathew Lindsay Read as entered hereafter offering his Service as Doctor's Mate of the Hospital here which is granted.

Mr. Lindsay Entertained a mate of the Hospital.

ORDERED that the Warehousekeeper do send on board the Mary as much Saltpetre and Redwood as She is to Take in for Kintlage by agreement in Charterparty and likewise that he do provide Redwood for Bengal and send down thither on y^e^. The Mary to have her charterparty kintlage In saltpetre & Redwood.

ORDERED that Two thousand pagodas be advanced him for purchase thereof.

and Ps. 2000 advd y^e^. Expt. Wareho. keepr. for purchase of the Latter.

The Secretary Reports that He finds on overlooking the Consultations and Cash accounts Two omissions, the first of Twenty Six pagodas Received of M^r^. Larwood for permission of passage to England which He now pays in the other was the not minuting the payment of the Mint Account for the month of April.

The Secry. Reports two commissions he had made In the Cash Acc^o^. & Consultations, w^ch^. are Rectified.

The President then told the Board that though He had already Several Times mentioned to them the Faults In M^r^. Walsh's Conduct for which they had agreed to dismiss him the Honble Company's Service yet he thought it proper that they should be entered upon the Consultations that the Hon^ble^. Court of Directors might have a full account at once of the said dismission and the Reasons of It whereby they would be able to judge that It is a Regard to their Interest only that has induced the Board to Take this Step. The Chief Faults therefore of M^r^. Walsh's Conduct not to mention little matters are Comprized In the following particulars.

Reasons given for displacing M^r^. Joseph Walsh.

First.—that He is very Greatly in debt and instead of endeavouring to Satisfie his Creditors has Rather Involved himself deeper as may appear by the petitions against him delivered to the Board,

Secondly—that He wrote in express words to M^r^. Lewis Medeiros that He should long ago have paid his debts had not M^r^. Macrae arrived there from England the meaning whereof it is very easy to determine,

Thirdly—that by his Arbitrary proceedings he had obliged the Council to Submit to his Taking Two Chests of the Company's treasure and converting them to his own use,

And that by the same methods He had obliged them to Consent to writing off his debts to the Company as paid, when they were not.

RESOLVED that M^r^. Walsh having behaved himself so as not to merit any Favour be forthwith dismissed the Honble Company's Service and that when He has made up accounts w^th^. the Company He be permitted to proceed to Europe on the Grantham or to come hither by the first Conveyance.

M^r^. Walsh dismissed y^e^. service.

AGREED Further that as the Grantham is to be Immediately dispatched to Europe So that there will be no Vessel to bring y^e^. SupraVisor back He detain the George Brigantine till he has finished the Company's affairs there unless he finds that He Cannot Send home the Carnaorvon which ship will be there in a little Time after his Arrival and w^ch^. He is directed to dispatch for Europe though she sho^d^. want as far as Forty Tons of her Tonnage.

The Supravisor directed to keep the George Brigantine In order to come back upon her in case he can dispatch the Carnaorvon home from Thence within 40 Tons of her Tonnage.

——*FORT ST. GEORGE, JUNE 1726*——

The Supervisor directed to leave the Government with Mr. Carnegie if he appears to have Behav'd himself well otherwise to continue there and wait further orders.

AGREED Further that in Case Mr. Torriano shall Find Mr. Carnegie to have behaved himself as He ought with Fidelity to his Employers and yt. the sd. Mr. Carnegie be in health after Finishing the examination of the Company's affairs yt. Then the Supravizor shall leave the Government with him but if He be dead or is Faulty in his Conduct, that then Mr. Torriano shall stay till further advices and orders from us.

If ye. Septr. Crop be not Sufficient to load ye. Carnaorvan she is ordd. to be kept for ye. Febry Crop, but if both will not yield her Tonnage she is to be sent over hither.

ORDERED that It be a Clause in the Instructions to the Supravizor that If the September Crop shall not be found Sufficient to Load the Carnaorvon within Forty Tons of her Tonnage that the Supravisor and Council at Fort Marlborough do keep her there to Receive the February Crop likewise which we hope will be Sufficient but if both should Fall short that they then send her over here in May.

Being Informed that I am order'd by the Honourable Court of Directors to be sent home to Europe on occasion of an Affair that happend between Mr. Drake and me when He was of Council I beg leave to Represent to your Honr. &ca. Council that not being Apprized of the Consequences the said affair might have I did not at that Time put In my answer in Consultation to what was alledgd against me which was the Reason the Fact appeared at home more to my Disadvantage than it otherwise would.

That my demeanour during my whole Stay in India both before that affair and Since has been such that I have endeavoured to pay all just Regard and Submission to the Honble Company's orders and to the Gentlemen employed In their Service.

That I am at present engaged on a Voyage to Judda and a Great part of my small fortune is already advanced In purchasing a Ship and preparing a Cargo for said Voyage and if your Honr. &ct. Council should Think fitt to put in Execution the Honble Court of Directors orders Concerning me it would inevitably occasion the Ruin of my Fortune and be a very Great loss to several Gentlemen concerned in the Voyage wch. In that case must be laid aside likewise it would be a prejudice to the Honble Company's Revenue our whole Cargo being prepard. at Their Settlements where upon exportation it would pay Custom.

TO THE HOÑBLE JAMES MACRAE ESQ^{R}.

PRESIDENT AND GOVERNOUR &C^{A}. COUNCIL OF FORT S^{T}. GEORGE.

HOÑBLE SIR & SIRS

In pursuance of an order of Council of the 30th. June We lay before your Hon^{r}. &c^{a}. what orders have been Received from the Honble Court of Directors relating to the Receiving into The Company's cash money from the Jesuits Missionaries in China at Interest, together with an Account of the Several Sums that have been hitherto Received into Cash for their Account & what has been writ by this Board to the Honble Court of Directors on that Subject.

We find that the sum of Ten Thousand pagodas was Received into Cash for their account the 31st. August 1720 but no Interest to be paid Them thereupon till the Company's order should be had for that Effect.

The Honble Court of Directors in paragraph 38 (of their General Letter ℔ the Heathcote dated 26th April 1721) Say as follows:

"We have had Application made us by Mons^{r}. L'abbe Agent for the French "Jesuit Missionaries in China to Receive Ten thousand pagodas of Their's into our "cash at Fort S^{t}. George that President Hastings had Received the money condition- "ally to await our orders (thô he had no occasion for any having a Flowing Cash and "the General Letter Tells us the Same) that s^{d}. Agent desires the money may Remain "in our cash as his letter mentions and the Proprietors to be for ever Dispossest of "the property thereof on the Company's yearly allowing Them a Reasonable Interest "we have considered of the whole & in Regard we sometimes have and at other "Times have not occasion to Borrow money at Fort S^{t}. George Therefore we are "willing to allow them a Certain Interest of Six ℔ Cent tho it is one more than we "pay here, ℔ Annum, & hope it will be to their Satisfaction.

In consequence of which a Bond was Executed by the Govern^{r}. and Council and delivered to the Agent of the s^{d}. Missionaries to pay them Interest Six hundred pagodas ℔ Annum upon the Sum of Ten thousand pagodas Received.

The 25th. Febry 1723/24 their Agent paid into Cash y^{e}. further Sum of Two Thousand pagodas and the same day the Govern^{r}. and Council delivered him a Bond for Six ℔ Cent Interest ℔ Annum upon it.

The Receipt of this Sum was advised to England upon the Walpole in February 1723/24 to which the Honble Court Answered as follows in paragraph 122 of Their letter dated 2^{d}. February 1724/25.

"Your letter of the [19]th. February last advises that the Jesuits in China have by "their Attorney offered to deposite in our cash with you a Sum of money which "you Intend to Receive and Give Bond to pay Six ℔ Cent ℔ Annum for it. Padre "de Goville Lately Returned to Europe has by writing Requested of us to Receive

'ten Thousand pagodas into our Cash and to pay the Missionaries for it six hundred " pagodas a year which we have agreed to whether This is included in what you " advise does not Appear.

The 1st. Febry 1724/25 the Agent to the st. Missionaries offered to pay into The Company's Cash a further Sum of money upon the Same terms with the Former which this Board advied In their letter of the 11th. of that month ℔ the Macclesfield paragr^{a}. 23 as Follows.

" The 1st. Instant the China Jesuit's Attorney offered us a Sum of money to be " paid into your Cash on the same Terms as Formerly but as we have Received no " orders about the Two Thousand pagodas last Taken In we wou'd not Absolutely " Accept It till we shou'd have an account from your Honours however we have " permitted the money to be lodged in your cash till then, and have agreed to desire " directions from your Hon^{rs}. whether we shall Take in all that they shall Offer or " how much as likewise whether you will not Think fitt to Alter y^{e}. Interest at least " for any that may be presented in Future.

April 16th. 1725 the Agent of the Missionaries paid into Cash Three thousand three hundred Twenty nine pagodas and Thirty Three Fanams which It was agreed should be lodged there untill the Company's Answer could be Received in Relation to this Sum and the preeceeding Two Thousand pagodas.

In paragraph 83 of the General Letter dated 1st. Decemb^{r}. last the Honble Court of Directors write us as Follows.

" Our last year's letter will inform you that we had consented to Receive of the China Missionaries or for their Acco^{t}. pagodas ten Thousand and to allow them Six hundred pagodas a year for it which we apprehend will Include what was offered you in February last: If it be more let us know and how much.

Upon the whole, we Apprehend the Honble Company's meaning is that besides the Ten Thousand pagodas Receivd Into their Cash near Six years ago for Acc^{o}. of y^{e}. said Missionaries we may Receive into Cash for their Account to the Amount of the further Sum of Ten Thousand pagodas.

TO THE HOÑBLE JAMES MACRAE ESQR.

SIR

Soon after the Grantham's departure arrived Mr. Wheatley from whom I Received the Two letters you was pleased to write me 25th. September and 20th. December last, the former a Copy of what you wrote by the Loretto which is not yet arrived here. I am afraid She's lost unless they have gone directly for Timore as has been surmised by our Padree's here who have some acquaintance on Board her.

The continuing me in my present Station notwithstanding Mr. Tempests being Appointed for it was the more agreeable to me in Regard it was an assurance I had not quite lost your esteem but I am yet more obliged by yor. kind Enquiries into my Affairs with Mr. Walsh and the Cautions I have Received concerning my private conduct nor can I Reflect on the Concern you express for me therein without being very Sensibly affected by it and Since all the Return yo. desire of me is to do my Duty to the Company if I Neglect it I am without excuse to them but much more to yo. whether my Behaviour here has been Regulated by these Sentiments I must Leave your Honour to judge.

I have enclosed Captain Tye's Receit for a Box Containing Mr. William Dunster's proportion of the Dividend made of the Estate of Thomas Dunster Esqr. deceased being Dollars 465—2—61.

I have also enclosed such a paper as you desire Relating to the demand Mr. Joseph Paice makes on the Company & am Sorry there is no more light to be had in that Business you have been misinformed as to our having the Books of those Times for excepting old Letter Books of which There is a pretty Compleat Sett and some Consultations before & during Mr. Collets management (and but very Few of Them) we have not a Scrape of a pen before Mr. Pyke's Arrival and even all his Consultations and some of the Accounts in his Time, are wanting, and have been ever since my Coming here.

——FORT ST. GEORGE, AUGUST 1726——

I am glad the Gentlemen in Direction at home are sensible of the good Service you did the Company in this place It adds to the pleasure of doing one's duty to have it kindly Taken notice of and a Well Done, is a due from ev'ry Superior to a good and Faithfull Servant. I hope our Accounts since your departure will Satisfie Them, that the Reduction you made of the Charges here was indeed a very Valuable Service and a few years more yeild them large Quantities of pepper which may in Time Reimburse the sums that have been wasted by their Servants here. I have Received a very kind letter from M^{r}. Drummond, he tells me some part of my obligations to you which I knew not before & promises to Comply with your desire in assisting me with his Interest unless I Render myself unworthy of It. I wrote him a Letter by the way of Batavia and sent it in the packet we dispatched by Wheatley.

The Reasons given in the general letter for detaining the George Brigantine are Really True and if so I believe you will allow them to be good. I can't say so much for detaining the Grantham I Think she staid too long here which I did my best to prevent and if I had not been at Death's door as I then was She would have been dispatch'd Sooner. the True Reason of her Stay was giving the Captain Time to do his private Business and waiting till our Acõts & Consultations were Finished and till M^{r}. Walsh could fill the Cash of which I was Impatient to send an Account by that Ship, for I had little Hope of Living to write y^{o}. another Letter there was no lilkelyhood of getting so much Pepper as to fill her up in any Reasonable Time, We Believe here that you have Loaded her home and indeed I wish it may be so. It will hinder any other Ship lying here for the Future.

You will now Receive our Consultations & Accounts since the Grantham's departure and I have enclosed a General Abstract of the Cash & paymaster's accounts from the 1st. May 1725 to the 1st. May 1726. I Think no Disbursement has been made except what was really Necessary save a few presents to the Mallays the Sultan of Bantal's charges &c^{a}. which you will See under the head of Charges extraordinary I Think some of Them might have been Saved but as M^{r}. Walsh is of the Contrary opinion and that I know He has even disbursed of his own money on these occasions besides what is chargd the Company I agreed to Them.

I can say no more about the new plantations in y^{o}. Country than I wrote in my last. every Mallay that I talk with on the Subject assures me the people have made and are daily mak^{g}. a Great many and that in all probability we shall have much more pepper in a few years than ever these Settlements were known to produce. it will not be Long before we order a Survey at which I design God willing, to be present & to write you what I may observe in my next. the Chinkareen Trees planted last year by M^{r}. Walsh thrive but indifferently, mine are tolerably good and the Dupatty's garden is the best of the Three. we have Found the cause of their going Back I mean the Chinkareens which was planting Sticks and some of Them too long Cutt before they were Sett whereas those who have used the Seeds of the Chinkareen tree have hardly lost a Tree in a Thousand. one of Them has engaged to procure me Seed and I design to use it for the Future, we shall all plant Pepper in October next. I have got James Jedderee to oversee mine, and a Mallayman to assist him who was recommended to me for his Skill in planting and Taking care of Pepper Trees and shall spare no pains or cost I can Bear to Carry on the work in which I have been Deserted by Jedderee who loves to play a Sure game. I have now Three Quarters and Nangle one and our Charges Slaves and Cattle amount to near Two Thousand Dollars.

I have now got some of the Slaves Taught to mould Bricks but they are not yet Burnt it is my opinion that the Company need be at very little charge about Building in this place excepting for wood and Iron, their Slaves (allow^{s}. them Time) may make all the Bricks and Chinam they use without any Further charge than Building Sheds & Kilns for the purpose which need not cost them Dollars 500 thô they had Thrice as many buildings to make. this I Thought myself obliged to write you that in case There are directions given for Building y^{o}. may make the proper Restrictions, which I think will be needfull. Though the grant of the Arrack and Ophium Licenses be in my name Its a Joint concern between M^{r}. Walsh and my self:

——*FORT ST. GEORGE, AUGUST 1726*——

I engaged him to it because without That, we must either have allowed the Lieutenants to Farm Them or else they woud have sold for much less M^r^. Walsh farm'd the Arrack license last year at Dollars 180 ℔ mensem and now he affirmd it was worth no more than dollars 100 we had the Opium @ 134 by which we got about dollars 300 in fourteen months in short we can only Save our selves and do a Service to y^e^. Company by It (the Salt License is worth 80 ℔ mensem & if there's Fair play it will yeild That. the Arrack licence depends on the number of Souldiers the Company's vessels & other Accidents. It has Sometimes been worth Four Times as much as now.

M^r^. Walsh continues to enjoy a perfect health and has lately got an addition to his Family of a Son he had like to have lost his wife but she is now entirely Recovered and all that Family in good health. though I was so near death it has pleased God I am perfectly Recovered and I think better than ever I was on this Coast we have lost Wheake Smith and Venables at the desire of the Two first I took on me the Care of their Affairs and M^r^. Venables Appointed me his Trustee without my knowledge. Captain Nangle is joined with me in M^r^. Wheake's business, I shall have much trouble with their Accounts & M^r^. Walsh's He's indebted to them all. M^r^. Smith's death in my Opinion was a great loss to the Company and the Greater in that there is no body here Qualified to take the charge of that Settlement in the present conjuncture thô there is none of our Subordinates but Thinks himslef Injured by not being Appointed to it. It Requires a great deal of prudence and diligence in y^e^. Resid^t^. There to keep up the people to their Engagements with y^e^. Comp^a^. and so to manage the Sultan and Rajah Gondom that Their private quarrels which are not to be Reconciled do not keep them from minding their plantations so much as they ought & the Company's Interest Requires they should do. M^r^. Welsh is much too Rash and for M^r^. Greenslate neither his understanding nor his Capacity for Business are such as might be expected from the Imployments he has had in India. M^r^. Savage is now well qualified for the Accountant's office as to what Regards the writing part or the knowledge of Accounts to which I have contributed all I could and I must own M^r^. Walsh not a little as he is the eldest Factor here so I think him every way the Fittest person here for our Council M^r^. Fotheringham has improved much in his writing and is very Fitt for an Assistant but not for his present post. our principal Dependance there is on the Dattoo Bugguese who has behaved himself extreamly well. M^r^. Gunn assists me in the Accountant's Office he behaves himself very diligently And I have promised him to write you so. M^r^. Rigg seems a lad of good Sense, and I doubt not but in Time he will be an usefull Servant; M^r^. Drummond Recommended him to me & he now lives with me.

It is a long Time since M^r^. Walsh and his old Favourite have been at variance the Latter has been much to blame in his Behaviour towards him especially in what has passed about Those goods brought him by Wheatley to which he certainly disown^d^. any Claim in Consultation for the Reasons there Assigned whether M^r^. Wheatley Refused to Trust him at M^r^. Walsh's desire I know not. he will probably write you the Story himself and Therefore I shall Say no more about It than that If M^r^. Walsh had not Resigned his Claim I sho^d^. no more than he have deem'd those goods unlicenced tho as I told him I believe the liberty Granted him was only for Investing his own money and Refused to make use of his Right to land the goods thô he Offered to Resign It to me as soon as M^r^. Weatley Refused to Trust him with 'em. Thus Sir, I have done my Duty in writing you my Opinion of y^e^. Company's Servants here, y^o^. know Them & If y^o^. have a better opinion of Their Qualifications I doubt not you will Shew It to their advantage.

There is one Lewis Perrey who has lived me ever Since yo^r^. departure and I have had many occasions to see his integrity for which I dare Answer He speaks and writes the Malay Language well, understands Arithmetick and writes a good hand and if y^o^. Think Such a one can be usefull to the Company as a Writer I Believe Y^o^. will Lay an obligation on a Thankfull and an honest man and give the Company a good Servant by ordering him in the Service.

——*FORT ST. GEORGE, AUGUST 1726*——

As to my Affairs with Mr. Walsh it was a desire of Living in a good agreement with him that Lead me into his partnership with that view I Refused being Concerned a Third as he offered because I believed it proceeded from the Necessity of his Affairs and Accepted one Fourth of his Trade and He seem'd Sensible of the obligation we Signed an indenture of Partnership for three Years from the 25°. March 1725 wherein it was agreed yt. neither should Sell saparately on the penalty of two Thousand dollars that If any Differences happened they shou'd be decided at Fort St. George by Arbitration in a limited Time that in case of death or departure the Survivor or Remaining Partner shod. Take the Stock on hand at the price they Stood on the Books & pay for one half in Twelve months and the other half in Two years after the Receiving Them with Five ℔ Cent Interest in Fort St. George, at fifteen dollars ℔ Ten pagodas—that our Cash should be divided and our Accounts ballanced yearly that Mr. Walsh shod. keep the Cash and obligations of Debtors and the Accounts. In consequence of this agreement I paid him all I cou'd in part of my Fourth of his goods and gave him my Bonds in Twelve and Eighteen months at Five ℔ Cent Interest for the Remainder. one of Them I have been enabled by this year's divd. to discharge & I hope to be able to pay the other when it's due we have Ballanced once and there Appears a profit of about Twelve Thousand dollars. that he might have as little as possible to Divert his application from the Company's Affairs and minding the Mallay Plantations I have Taken upon me almost the whole fatigue of the business and Lewis Perrey whom I mentioned before has been Serviceable to me as a Warehousekeeper. I have in Every other Respect endeavourd to gain his Confidence because without It my Counsel would have been of Little Service either to him or the Company & It's but a sad Condition a Man is in when all the good he can do is to oppose wrong measures; Therefore I have Sought to gain Mr. Walsh that I might assist and Encourage him to pursue such as I thought Right. 'tis in pursuit of this design that I have Assured him of doing whatever is in my power to extricate him from his present Difficulties in Fort St. George he now makes you a proposal of paying his debts There which He assures me do not Exceed Twenty Six Thousand dollars. He sends Five thousand in Specie which with the produce of the Sloop Goshawke's Cargo if safe with you and of the goods sent by this Vessell will if he be Sincere bring them under Ten Thousand Dollars y°. will Easily inform yourself of his Engagements at your place and I send you Enclosed a list of his debts here and I am Sure They are not more ; I Send also an Acct. of his Effects here and that I may keep my word with him if you are enclined to Accept of his proposal and Think my Joining in obligation with him will Strengthen your Security I am willing to engage myself In a Joint Bond for whatever Sum his Necessity may Require not exceeding Twelve Thousand pagodas to be paid by Equal portions in Two years from the date of our obligations one in Twelve months the other in two years and have given directions to Mr. John Lauder my Attorney that on yor. intimation he may sign such bonds for me and also pay you the ballâ he is due me on Mr. Walsh's Account.

Sir you know Mr. Walsh perfectly well you will now be the best Judge whether it be practicable and Convenient for you to serve him on this occasion and therefore I Leave the part I am to act in it entirely in your hands I shall be Sincerely glad to Contribute to his Relief that both you & he may be convinced I have all the Inclination I ought to live in a Friendly Correspondence with him on the other hand if you find his affairs in such a bad condition as to decline medling with Them I must beg you will be so good as advise me of It how to behave myself towards him for the Future and what method I shall take to shun being further engaged with him what money he has or may Receive of mine before next January will only pay my debt to him but after that he will be daily Receiving money on my Account I know he will be unwilling to part with it & how to oblige him to it I know not. and now if I have tired you with a long Story y°. must pardon me since you desired It. I have wrote you a letter jointly with Mr. Walsh desiring some goods at Respondentia if y°. engage in his affairs I Suppose you will send Them if not I desire you woud not Require the money due to me from Mr. Lauder which in that case I have ordered him to invest for me in a part of them goods we want. thô it will be a

——FORT ST. GEORGE, AUGUST 1726——

loss not to have the whole I dare not as you to Lend me any money singly because whatever goods I Receive must be in partnership with M^r^. Walsh and his affairs may possibly be in greater disorder than I Imagine.

Althô Jibb's project goes but Slowly on I have a good opinion of It's Succeeding and that if he Lives a few years he will be able to pay the Company but we have no person here Capable to Carry on that work in case of his death to prevent such a heavy Loss as the Ruin of the Sugarworks & all the money paid Jibb would be; I think it would be adviseable for y^e^. Company to make proposals to some man Skilld in that Trade for Coming over here; mean Time I hope y^e^. will send us some Potters for I dont expect we shall have any from Batavia.

If you would Send over one or two men that understood laying Terrasses They would be of Great Service and if you order us to Build we can't do without Them.

I have begun the General Accounts in M^r^. Pyke's Time and hope to Compleat Them as also those under the management of Mess^rs^. Hubbard and Dunster, to be sent by the next Conveyance.

I wish y^e^. all happiness, for I am very Sincerely

TO THE HOÑBLE JAMES MACRAE ESQ^R^. &C^A^.

Since your departure I have made it my business to obey what you enjoyned me as to a Friendly agreement with M^r^. Walsh under the Limitations you gave it from w^ch^. I have not departed till now.

I am possibly going to write what may destroy me in your esteem but I owe you too much to be disingenuous with you or to conceal anything of moment from you. whatever the Consequence may be I have acted what to me seem'd best in the Circumstances I am in; but you are my Judge.

I know you have so much Friendship for the Deputy Govern^r^. that you would be Sorry if any mischief Happen to him from the Imprudence of his past Conduct if he takes no wrong measures for the Future. upon this Account I am now put to my last Shift what to Resolve or how to Act his Bills on Madrass are sent me protested to the amount of Five thousand pagodas his bond of Seven thousand Five hundred dollars to the Company on M^r^. Deane's Account is due he has not yet paid the Three thousand Four hundred dollars he owes Acĉo^t^. the Ballances at your departure and to Satisfie all this has not Two Thousand dollars in money all oweing to his former imprudence in Buying up a Quantity of Goods so much Above his Stock & Credit what to do in this Case perplexes me extreamly If we proceed Regularly the Nonpayment of that bond must be Entered in Consultation and advised to Fort S^t^. George. his protested Bills must be also Returned thither where his Creditors no doubt will Cry to you for justice if it be so how will you avoid coming to a Resolution Fatal to his Fortune or Reflect upon your self and then all the blame will be thrown upon me. I shall be Called the incendiary that made a Difference between you and Ruined M^r^. Walsh and his Family to advance myself & you perhaps Reflected on for Raising your Countrymen on the Ruins of much Better Men, and to prevent all this there's but one Remedy w^ch^. I fear you will Think worse than y^e^. disease be that as it will I Resolve to venture it and Submit to what y^e^. shall Think I deserve for so doing; I will allow M^r^. Walsh to enter in the Cash Book and Consultation book that his bond is paid and to Take two chests of money out of the Companys Treasure to save his Credit and keep him from Ruin. I well know this is disobeying the Company's positive orders in a Thing of the Greatest Consequence to them w^ch^. I sho^d^. never have consented to but in the present Case & I hope your pardon for it since your Friendship for M^r^. Walsh was y^e^. sole

——FORT ST. GEORGE, AUGUST 1726——

Cause of my Acting in this manner for I need not Tell y^e^. Sir, that I never had any obligations to him to engage me to Run such hazards on his Account. I have Taken his bond for my Security that in case of his death the Cash shall be made good out of his estate and I am very sure without an Extraordinary loss by Fire he will be able to make all good in Twelve months' Time and that he may do it the sooner I have Resolved to Forbear all trade on my own account to gather in what I have as fast as I can & lend it him to pay into Cash & Take a share of his goods for Two years from the 1^st^ Janry next thô I am very sure it will be to my loss.

Thus Sir, I have laid open the Case to you & shall willingly Submit to your determination. I only desire that M^r^. Macrae may be my Judge and not the Governour of Madrass.

PRESIDENT AND GOVERNOUR OF FORT S^T^. GEORGE &C^A^. COUNCILL.

HONBLE SIR &C^A^.

According to an order of Consult^a^. the 21^st^. of Last month we have been to Survey the Silver mint and Find it gone so much to decay that we Think it absolutely necessary to pull it down It is founded upon a large spot of ground & Scituate as much to Leeward of the English Town as possible to be within y^e^. walls being in the very eye of the South East wind ; a Rough plan we Lay before your Hon^r^. &c^a^. and humbly offer our proposals as follow.

First to part off a peice of the Southermost ground to build the Essaymaster's Lodgings to consist of a small hall a lodging Room and a Closet to render which the more wholesome for him and usefull to the Mint we propose Two Storys ; the first about Ten foot high which will serve for weighing and keeping metals and what other uses shall be thought fitt & for the Stairs to go up to the Lodgings the Cheapest way will be to Carry them up without side with Bricks laid edgeways in Chinam w^ch^. will last many years the Rest of the ground will be Sufficient & Convenient for the Melters, Refiners, Coiners &c^a^.

We are of opinion should we attempt pulling down the old Buildings at once what with the vast heaps of Filth now & Rubbish that must be the ground will be so pestered that it must not only Impede the Mint business for a Considerable Time but perhaps give opportunity for embezzlement of some of the old materials and be Imposed on by the Labourers we Therefore Believe 'twill be much Better as the one is Raising to pull down the other Gradually always making use of such of those materials as can be applied to the New work.

There are two old Godowns which the Essaymaster at present Calls their Treasury covered with palmeras and Terrassed &c^a^. near the place where his lodgings are designed which We believe the Top part must be all new done he Representing they Cannot be without Them or such like places adding they will be more Secure as being near his lodgings the Rest of the ground will be Sufficient for all their Tiled Sheds Fire places and what other Conveniencies they Require.

The Townwall which bounds this ground to the River likewise wants Repairs which may be done when the work is Finishing.

We Believe if Time and weather will permit 'twill be proper to Lay the Foundations and carry them above the Surface of the Earth before the Rains sett in but it will be impracticable to proceed further till February or March next.

Our Honble Masters in the paragraph of their Gen^l^. Letter this year relating to the Silver mint seem unwilling to have more done than what premised and to do it with all Frugality

The Ground at present being Irregular and much incumber'd we can't at present compute the Cost though we are of opinion that with the help of the old materials it may be Done for fifteen hundred pagodas or thereabouts. M^r^. James Hubbard whose Lodgings are near it and the Essaymaster promise their Eye upon

——*FORT ST. GEORGE, AUGUST 1726*——

the works and the Paymaster promises the Same care as his own so we have not at present further to offer than that we are with all Imaginable Respect

JAMES MACRAE ESQ^{R}. GOVERN^{R}. PRESIDENT. FRIDAY THE 26TH.
NATHANIEL TURNER. JOHN EMMERSON.
RANDAL FOWKE. JAMES HUBBARD.
JOSEPH HOUGHTON. DAVID PYOT.

General letters from Fort S^{t}. David, Two with Musters of Sucatoons.

General Letters from Fort S^{t}. David N^{o}. 63 and 64 dated the 13th. and 15th. instant Read, the former enclosing their Cash account for the preeceeding month, and desiring a Supply the Latter enclosing invoice and Bill of Lading for fifty six Bales of Callicoes consigned to us upon sloop Ramah, amounting to Three thousand three hundred ninety eight pagodas thirteen fanams and Sixty Cash, and advising of Ten peices of Sucatoons sent us up for musters by that occasion.

Proceedings thereupon.

having Received musters of Cambrick this year from our Honble Masters with orders to get them Imitated in cloth of this Country, & having sent to Fort S^{t}. Dav^{d}. Two of s^{d}. musters with directions to procure them to be Imitated as near as possible by their Weavers, as we have directed our Merchants here; they have now Sent us up Ten peices of Sucatoons of Different prices for our judgment of Them, which being examined we find that There is not a just proportion between the several prices & Finesses, & that a peice formerly sent us by the Deputy Govern^{r}. at Seven pagodas, is rather Finer than that now Received, valued at nine pagodas. Wherefore,

RESOLVED that the peice at nine pagodas be Returned them with half of the peice first Received at Seven pagodas, that they may be Convinced of the disproportion of the prices & that they be directed in a General Letter to procure us a quantity of Sucatoons of the same Fineness with the s^{d}. Half-peice, and at the Same price in the mean Time, untill we See the muster that is now making at Bonagreepatam in imitation of the Cambrick Fabrick, and which they promise to Send us as soon as it is Ready.

—*FORT ST. GEORGE, AUGUST 1726*—

That they be told in said Letter how Important a service it would be to our Honble Masters if by our joint endeavours at both Settlements we could procure them a quantity of cloth to be made in this Country equal in Beauty & Lustre to the Cambrick Fabrick, which might bring Cambrick into disreputation and consequently into disuse in Europe, by being a Cheaper and an equally agreeable wear.

That we observe the endeavours they are at present using for that purpose, and Shall Report them with their Success.

Ten thousand pagodas to be sent to Fort St. Davd.

ORDERED that a Supply of Cash be forthwith sent to Fort St. David of Ten Thousand pagodas overland; & that the Secretary advise of it Immediately that they may send their Peons to meet ours at the usual place.

The Contents of the Same noted.

Ancona being Returned to Madrass and having questioned Arnagery upon his having given false evidence against his estate in the Mayor's Court, he frankly told him he had been Suborned by Tommana Chittee whereupon Ancona prevailed with him to sign a Declaration before witness that he had been so Suborned, which he did, and is the declaration mentioned.

——*FORT ST. GEORGE, AUGUST 1726*——

The 15th. paragrs. of the General Letter from England dated 7th. January last says there was paid into the Mayor's Court by Captain Harry Ps. 350-24-5 being the Estate of Edward Rivett which must be understood to mean the Total amount of his estate & not the Ballance that sum and the Sum mentioned in the Account Current differing only in two pagodas wch. Error may have been occasioned in Transcribing.

I did likewise Acquaint Captn. Powney of yor. Honr. &cs. orders Relating to the payment of one thousand two hundred and fifty pagodas the ballance due to the Honble Company's Cash from the Owner's of Ship Anne & that he must comply with said order: to which he made answer that he had a just Deference for the orders of this Board but that he would beg leave to lay a Representacon before your Honr. &cs. to explain fully how far he was Concerned in the Affair now depending with other particulars.

The next day after ordered I caused an advertisement to be Affixed at the Seagate giving notice to all Merchants and others that they might treat with Mr. Emmerson for their passage or freight of goods upon the George Brigantine to Pegue upon the usual terms.

DAVID PYOT

TO THE HOÑBLE JAMES MACRAE ESQR.
PRESIDENT AND GOVERNR. OF FORT ST. GEORGE &CA. COUNCILL.

HOÑBLE SIR & SIRS

Mr. Secretary Pyot acquainting me that your Honr. &cs. Council in pursuance to the Company's orders sent him to demand of me the Ballance of the Junk's Accot. which was paid by me to the Barcalong of Siam for his junk Taken by Captain John Jones in the Ship Anne at the port of Amoy in China.

In answer to which I make this Remonstrance to Yor. Honr. &cs. when I was Leaving this port in the year 1719 bound for the port of Siam Governr. Collett &cs. Council sent for me & told [me] They had made an order of Council for me to Satisfie ye. Barcalong of Siam and pay him for his junk but not to exceed four thousand pagodas; accordingly I did and made it up for undr. Three Thousand pagodas and paid him out of the Owner's of the Ship Brittania's money and at my return home the money was repaid by the Govr. and Council.

Therefore I hope your Honr. &cs. will Consider I was [but] the Governr. and Council's Factor and had no interest in this affair and followed but the Governr. and Council's orders and as I am an Inhabitant of this place, should I not have Complied with the orders of Government Governr. Collet would not have Scrupled to have Sent me to England; and by complying with those orders I hope your Honr. &cs. Council will not Let me be a Sufferer, or order me to pay any Thing so much in my wrong. A Copy of the orders ds. me by the Secretary I herewith deliver.

Mr. Richard Benyon being well Acquainted with this affair when he made the last dividend of the Tea by order of Edward Harrison Esqr. took care to deduct each person's Share that was in India on accot of the Pags. 1250—which amounts to pagodas 542-8-46 as your Honr. &cs. will See as ℔ Acco. Taken out of Mr. Benyon's Dividend Book (the Copy herewith delivered) So that there Remains but Pags. 707-27-34 which Mr. Edwd. Harrison can give an Account of; he being the principal owner of [Ship] Anne. Therefore I hope your Honr. &cs. Council will Relate that Affair to the Honble Company.

I am
HOÑBLE SIR & SIRS
Yor. most Humble, and Obedient Servant
JOHN POWNEY.

To the Honble James Macrae Esq^{r}.

The Humble petition of Tandawory &c^{a}.
Inhabit^{rs}. of Vessa Cawarder

Sheweth

That the Company has lett out Trivitore &c^{a}. Villages to the Company's Merchants who during five years that they kept them in their own hands allowed your petitioners all their priviledges and Allowances as usual, and they Lived very happily; then one

——*FORT ST. GEORGE, AUGUST 1726*——

Mahadehoo took these villages of those Merchants and promised to allow your petitioners the same priviledges and Allowances as the said Merchants had done; but he has acted Contrary & not given them any Priviledge or allowance upon which they asked him the reason and he Replied that the Company had sold those villages to him and he could do what he pleased The said priviledges and allowances Due to your petitioners for these four years amounts to about one hundred pagodas; besides this he has distressed your Petitioners and laid many hardships on them, as,

Setting one of their Pariars half way in the ground where he kept him Three hours and fined him.

Another Pariar he chabuckd twenty five blows, Put him Into the Stocks and kept him there an hour.

He tied one of their Shepherds Neck and heels for four or five days an hour each day and beat him very much & fin'd him.

He broke a talliar's Back and Turned him out of y^e^. Village.

He tied a Shopkeeper of the village neck and heels putting an heavy Stone on his back and kept him so an hour and then fined him.

He served another Shopkeeper in the same manner.

He has done too many other barbarous actions to your Petitioners to give your Hon^r^. in writing an Account of. therefore they humbly Implore your Hon^r^. to take their case into Consideration and order them Satisfaction. They Can't go on with their Business if he be Continued the Renter.

Yo^r^. Petitioners hope Your Hon^r^. will do them Justice, and they as in duty bound,

Shall ever pray.

To the Hoñble James Macrae Esq^re^.

President & Govern^r^. of Fort S^t^. George &c^a^.

The Petition of Chandarasaker

Humbly Sheweth,

Whereas your Petitioner has been falsely accused by Tondaroy perium and Verapah that he has punish'd the inhabitants beyond Reason and as to his burying the man half under ground is utterly false for the man having Contrary to order lett the water Run the wrong course was punished according to custom that is by laying his hand in the water course which filled with sand and the Company's chop put thereon & as for your petitioners forcing of unreasonable Forfeits from the Inhabitants is also false for the Inhabitants having complaind to your Petition^r^. that a Milkman's measure was less than it sho^d^. be which your Petitioner by examining found true therefore Fined him Six fanams and to a Seller of Tobacco and Beetle for Selling Contrary to the Renter's order, was fined Six fanams as to the Talliar that let be stole away above Three pagodas worth of mangoes for which he paid 48 fanams and when the Talliar had found the Thief your petitioner told him that he might do what he would also the s^d^. Talliar took more than his Right of y^e^. Paddy and Took it away without Leave for which fault he was tied neck and heels two hours and as for your petitioner's putting any body in Irons is false but a Pariar being Taken Stealing Paddy was by your Petitioner's order put in the Stocks, that the Three persons before mentioned have sold the Company's ground which when y^e^. Buyer Came to Take possession your Petitioner refused to let him take it without your Hon^rs^. Leave. that your Petitioner for the good of the Inhabitants did lend them money and let them

——*FORT ST. GEORGE, AUGUST 1726*——

have paddy to the Value of Pag^{s}. 260 : 12 :, and when your Petitioner demands his money then they begin to make a Disturbance, now Three of the Inhabitants being come to this place they have Taken opportunity to say that all the inhabitants will Leave the place. The Pedda Naigue's allowance of Ground in the s^{d}. village is four thousand four hundred and forty yards but now he has Taken fourteen Thousand four hundred yards which is more than his due by near Ten thousand yards which for these four years he has not Sown nor would he lett any body else to the loss of about P^{s}. 229–20 : and now about a thousand yards which he sowed the paddy now Lies there and he refuses to divide it.

Therefore Your poor Petitioner most humbly Requests your Hon^{r}. to give him justice ; and as In duty bound,

Shall ever pray.

To the Hoñble James Macrae Esq^{r}.

President and Governour &c^{a}. Council of Fort S^{t}. George.

The humble Petition of Conagoory Peddanaigue.

Sheweth,

That in Govern^{r}. Elwick's Time when M^{r}. Oadham was Mayor one Tommana Chittee claimed falsely against Gooda Ancona when he was gone from this place for the Recovery of his health, and one Arnagery Giving false witness to the said Claim the Court ordered the money to be paid out of Gooda Ancona Estate to Tommana Chittee and it was accordingly paid ; some time after when Gooda Ancona came to Town he asked Arnagery how he could give witness He Replied that Tommana Chittee had earnestly desired him to give false witness. this He declared in the presence of several Substantial persons. Viz^{t}. Nairo Ball Chittee, Kitty Timapa. Poncala Kistna, Tomby Chittee, Collastri Chittee, Com Chittee and Changaliah and gave a Writing under his hand in their presence that he had gave False witness.

Your Honour being Informed of this affair was pleased to order Arnagery to be Confined in the Choultry ; upon which he gave some bills of sale for his house and Jewels into your Petitioner's hand when he was In prison and very earnestly desired your Petitioner to Sell Them and Tommana Chittee's house and pay Ancona's mony. Some time after this He Deceived my Tallaiars and made his Escape and Tommana Chittee had fled from y^{s}. place Before.

Your Petitioner being obliged to pay Ancona's money humbly begs your Hon^{r}. &c^{a}. will please to order the said Tommana Chittee's house and Shops & Arnagery's house and jewels to be sold at public outcry and the produce paid into your Petitioner's hands ; then he will pay Ancona the principal and Interest of his money and if Tommana Chittee or Arnagery shall hereafter make any claim your petitioner will be answerable to Them and Ancona has nothing more to do with Them.

Your Petitioner humbly hopes for your Hon^{rs}. &c^{a}. favour herein, and as in Duty bound,
he shall Ever pray.

Arnachellum Acknowledged in presence of the Witnesses underwritten

That In M^{r}. Elwick's government Gooda Ancona was Sick and went into the Country for the Recovery of his health and Tommana desired me to give Evidence in Court that with my Knowledge he had p^{d}. Gooda Ancona Two hundred pagodas ; which I accordingly did. Whereupon the Mayor's court ordered Two hundred or

two hundred and Seventy pagodas to be paid said Tommana out of said Ancona's estate, but I now declare that I never had any knowledge of Tommana's having Paid Ancona any such money.

HONBLE SIR AND SIRS

On the 29th. ulto. we were ordered by yor. Honr. &ca. Council to pay Two ℔ Cent consulage on all Sales made by us at Bussorah after the Honble the Governr. & Council of Bombay their order for Payment of the same was Communicated to us wch. was the 27o. Febry. 1724/25 which order your Honr. &ca. are of opinion is confirmed

—*FORT ST. GEORGE, SEPTEMBER 1726*—

by the Honble Court of Directors their Letter to the Honble Governr. & Council of Bombay bears. date April 2d. 1725 which date we presume your Honr. &ca. have not Taken notice of althô we pay all the deference Imaginable to the opinion of your Honr. &ca. Council yet We Beg Leave to say something in behalf of our Owners & our selves in Relation to the order of the Honble Court of Directors which is that we shall pay to them their Consulage on all goods traded for at Bussorah but they do not mention any Time for commencement by which we presume they do not Expect their Consulage on goods sold before the Communication of their order to us otherwise we Imagine that instead of (Traded for) they would have said have been traded for and as their following words do imply the future time Vizt. "but in Regard the "Supracargoes will then dispose [of] their own goods therefore they shall not be "obliged to any thing further as they are to the Agent & Broker at Gom[broon] We hope your Honr. &ca. Council will take our case into [consideration] and not oblige us to the payment of wt. we [presume] is not expresly ordered by the Honble Court of Directors.

We hope your Honr. &ca. will consider further that it has never been the Honble Company's practice to Lay any Duty on the private trade at any port till they had first Removed that of the Country Government one Instance of which we have at Gombroon and another at Surat & at Mocha the Honble Compa. have not laid any duty on ye. privt. Trade because that of ye. Country Government is not remov'd.

We likewise desire it may be Considered that Isaac Houssaye Esqr. &ca. Council at Bussorah obtained a grant from the Bashaw of that place for an abatement of one ℔ Cent on the Customs & an exemption of Seven ℔ mille brokerage to the Town Broker for himself only without any Regard to private trade, thô Mr. Gray & Mr. Holmes were then in ye. Place wch. was the objection we made for our not complyg. with the demand for Consulage & we hope your Honr. & Council will think it a Substantial one for by our Indentures the Honble Compa. have been pleased to give us their protection in all ports and places within the Limits of their Charter wch. the Chief & Council at Bussorah have not Comply'd with.

The President acquaints the Board that he has an opportunity of Disposing of Seventy or eighty Bales of the Company's broad cloth of several sorts at the same advance usually paid by the Joint Stock Merchants and Considering that they always object to being obliged to Take off the Broad cloth at the Company's Price when we propose Entering into a New Contract with them on that Condition, which they complain of as a hardship.

To the Hoñble James Macrae Esqr.

President and Governour of Fort St. George &cA. Council.

The Representation of Rawson Hart in his own behalf and in behalf of Captain Heron Hart.

That being at Surat in the month of April 1721 and the Europe ship Cadogan being then ordered from that port to Bussorah, we shipped upon her Thirty one bales of Bengal peice goods for our own accounts and four bales of white gurrahs for account of Mr. Robert Frankland that the Honourable Company might have the Benefit of the Freight consigned to Messrs George Petty, Lewis Gray, James Nevill and John Durley with instructions to dispose of said goods for our and Mr. Robert Frankland's account the first good Opportunity.

The Cadogan being arrived at Bussorah these Gentlemen demanded our Bales according to Bill of Lading but were Refused them by Isaac Houssaye Esqr. Chief &ca. Council there who had taken them into their Custody though there were then daily opportunities of disposing Some part or other of Them.

——*FORT ST. GEORGE, SEPTEMBER 1726*——

Whereupon Messrs. Gray, Nevill and Durley made a Demand for said Bales in writing the 30th. of October 1725 to which they received answer from Messrs. Isaac Houssaye, William May and Martin French in writing likewise that they owned the Recept of the Bales and of a Cittamee for them Signed by Mr. Benjamin Francia yet that because they the Supra Cargoes had refused to comply with an order of the Honourable Presidency of Bombay for paying two ℔ Cent Consulage upon their cargoes from Bengal they would not deliver the bales unless Messrs. Gray, Nevill and Durley would previously oblige themselves to pay the sd. Consulage on the goods Demanded.

Messrs. Gray, Nevill and Durley being surprized at this answer as having a Bill of Lading for the Bales knowing they paid all duties at Surat and no instructions about the consulage insisted upon to be paid protested Severally against Messrs. Houssaye, May and French for all damages they or their Owners might Sustain by their being so detained which has hitherto had no Effect. our goods are still in their possession to the amount of Twenty one thousand eight hundred and Seventy Rupees six annaes and Seven pice as ℔ invoice herewith delivered together with Authentic Copies of all papers abovementioned for confirmation of the facts, I take the liberty to Represent to your Honr. &ca. Council to which I beg leave to add the following Remarks.

The aforesaid thirty five Bales were Regularly entered from Surat, had paid all Dutys and demands there and freighted upon a Company's ship which I flatter myself will vindicate us to the Honourable Company from any Intention or design to elude or dispute their orders. We have traded Several years under their protection and paid them their duties and Customs in this case we was not Acquainted with their orders for paying consulage at Bussorah and consequently could give no instructions about it. This Conduct of Messieurs Houssaye, May and French will not I hope Honourable Sir and Sirs in any construction Excuse them the damages we actually Sustain by their having Detained so great a part of our estates in this Manner.

Beside the use of Twenty one thousand eight hundred and Seventy Rupees Six annaes and Seven Pice and the Disadvantage it is for us to be without it at this Time I beg Leave to lay one more paper before the Honourable Board Signed by Messrs. Gray, Nevill and Durley by which it appears we have Lost a very good market for our goods and that there is reason to apprehend from the importation of Large Quantities of the Same Sortments since that we shall not find such another Especially considered that Great Quantitys of the same sort of goods are prepard to send to Bussorah this year, all which will Likewise Turn the exchange of money to our disadvantage by all Appearance.

Messrs. Houssaye and Council knew these Bales belonged chiefly to me and my Brother and that we are inhabitants of Fort St. George and once every year within the power of the Three Presidencies with our Effects so that the Honourable Company could Run no Risque of the two ℔ Cent consulage upon our goods whenever it should be demanded.

Wherefore we earnestly Request your Honr. &ca. to Take our case into your consideration and Lay it before the Honourable Court of Directors from whose Equity and justice we humbly expect Redress and that they will order Satisfaction to be made us by Messieurs Houssaye &ca. Council of the damages we Sustain by the Detention of so large a part of our small Fortunes as hereabove Narrated.

I am with Respect
HoñBLE Sir & Sirs
Yr. most Obedient Humble Servant

The President Represents to the Board that upon Reading the particulars of y^{e}. Article of Charges hospital, he Apprehends there are several of them too large and others unnecessary and ought to be Reduced and Discontinued; which being Taken Into consideration and the several particulars again Read and Enquired into, It was Represented that the Surgeon who has the Immediate direction of the Hospital always insists that the present charge is necessary for entertaining and Recovering the Sick & that no Reduction can be made of it.

The President [gives] notice that he apprehends several unnecessary & Extravagant Articles in y^{e}. Account of Charges Hospital upon which It is Resolved that [the] Two Surgeons do officiate separately six months each whereby it may be better discovered whether the charge can be Reduced.

ORDERED that whereas it hath been for some time the custom for one of the Surgeons to have the immediate care of the hospital Solely they do in future Act each six months by turns that by their acting thus Interchangeably we may make the Experiment whether the one cannot Reduce the charge of the hospital lower than the other which It is believed out of Emulation to Recommend themselves, they may Do.

NATHANIEL TURNER. JOHN EMMERSON.
RANDAL FOWKE. JAMES HUBBARD.
JOSEPH HOUGHTON. DAVID PYOT.

General Letters. General Letters Read viz^t.

from Fort S^t. David. N°. 69 from the Deputy Govern^r. and Council of Fort S^t. David dated the 24^th. Instant acknowledging the Receipt of Ten Thousand pagodas sent them by Peons the 18° and [advising] that the Recruit of Twenty Europe souldiers sent them upon Sloop Ramah were arrived, and that the Deputy Governour had sent the president a Muster of Cloth in imitation of the Cambrick Fabrick—which being now examined appears to be too woolly and thick tho a very Fine & well made Cloth—M^r. Pitt having Acquainted the President that he had another muster in hand, which he hop'd woud answer better the Cambrick fabrick delayed giving any further directions till we see the said muster.

from Vizagapatam. N°. 70 from Vizagapatam, dated the 25°. of August Acknowledging our letter of the 5^th ℔ Ship Essex with the treasure and Dubbs sent them by that Conveyance, advising that their Essay to cure cloth there had not Succeeded well, that they had been obligd to order fifty bales to be Reconjeed and beat over again but that their new Washing and Beating Godown being near finished with the Assistance of the beaters sent them from hence upon the Essex, they hoped they should be able to have two hundred bales Ready washed by Christmas, that they wanted a Supply of Cash to Carry on their Investment and that they had sent by these Peons another copy of their General books with Diaries Consultations and Paymaster's accounts to the ultimo July.

from Ingerum Two N°. 71·72 from M^r. Blunt dated the 28^th ult°. [...Inst^t.] ℔ ship Speedwell enclosing bill of Lading and invoice for one hundred and eighteen Bales sent upon s^d. ship, one hundred white, and eighteen Brown, desiring a Supply of money and advising that an English ship had been drove ashore at a place called Pentecot.

——FORT ST. GEORGE, SEPTEMBER 1726——

a Supply of Cash etc. orderd to Vizagapatam viâ Ingerum.

RESOLVED that Seeing there is a supply of Cash wanted both at Vizagapatam and Ingerum for carrying on the Investment we do send to Ingerum Ten thousand pagodas and Ten chests of Copper Dubbs upon the Ship Speedwell, there being no Conveyance at present for Vizagapatam nor no hopes of any till the month of Decem^{r}. or January, that the Import Warehousekeeper do put aboard s^{d}. ship the Broadcloth wanted at Vizagapatam & that a General Letter be writ to the Chief & Council there advising them of the treasure dubbs and broadcloth so Sent that they may Give M^{r}. Blunt immediate directions about Disposing of Them, that we have no Embossed Cloth nor Flint ware in the Company's godowns nor none to be purchased here, that we judge the Rosewater, Iron and Looking Glass they indent for and the Stationary Ware Improper to be conveyed so far overland as from Ingerum to their Settlement, that, 'tis oweing to their Neglecting to advise in time what treasure, wares and Stores they would want that they were not Supplied with all by the Essex their Letters not having come to hand till some time after s^{d}. ship was sailed, that we do not Think it Safe to venture any Greater part of our Honble Master's estate upon the Speedwell this Season of the year, and that they take care to avoid such an Omission heareafter w^{ch}. will deserve a Severer Censure, that their Bales being at the Washers we shall in a few days write them our opinion of Them by the Peons we shall send overland with y^{e}. Duplicates of what Letters and other papers sent by the Speedwell.

a General letter to be prepared for Vizagapatam.

Treasure and wares now to be put aboard that ship to demand them by and afterwards to be forwarded by him to Vizagapatam from whence he is to receive directions how to Dispose of s^{d}. treasure and wares, that he dispatch an express to them Immediately upon the Arrival of the Ship; that we have compared his muster of Copper dubs with ours newly Coined and Find they Differ very Little in weight, that the Impression upon his is (Metchlepatam) and on ours (Vizagapatam) in words, that we hope ours will pass in payments in those parts being of Equal fineness with his but if they should not that he advise the same hither and to Vizagapatam where they will be wanted very soon, that His Longcloth Fine is not near so good as what he procured last year which was better worth one hundred and Twenty pagodas than this is worth Eighty; that his Midling and Ordinary are likewise a good deal worse than last year and much of It very ill Cured that we expect an amendment both in quality and curing; that we were Surprized to Receive from him only one hundred and eighteen bales whereas he promisd both to us and to Vizagapatam the 20th. July that he would have ready one hundred & Sixty for the Speedwell [...th] August & that we expect to know by his [... reasons] of this Disappointment.

N°. 74 from the presidency of Fort William by the Brigantine Fortune dated the 29^th. August & Encloseing Duplicate of a preeceeding which has not yet been Received being sent as we beleive by the French ship expected daily at Pondicherry from Bengal by which duplicate and letter they advise us that all our Honble Masters ships to the Essex inclusive were safe arrived and by a private letter to the President of the 7^th. ultimo who have likewise the further satisfaction to be informed that the Derby was, Since writing their General Letter, arrived them, that We having advised them the state of our investment they would proportion the Tonnage to be Returned us to the number of Three thousand Bales, that though y^e. Scarcity and high price of Cotton was a great prejudice to their Investment being obliged to provide for an unusual large Tonnage this year yet they expected however to be able to Dispatch home in due time all the ships with y^e. assistance of Three thousand Bales from us for the Three ships they had resolved to return us and that they intended to send us upon s^d. ships a pretty large Quantity of Saltpetre.

Resolutions thereupon.

Which last paragraph of their Letter being Taken into consideration and the Export Warehousekeep^r. acquainting the Board that we have now in Warehouse Five thousand Bags of Saltpetre and upwards which is Sufficient for the demands of the place for several years and we have no prospect of having It in our power to dispatch October ships which if it could, woud Take off a good Quantity but otherwise we can dispose of that Commodity but very Slowly,

RESOLVED that we write a General Letter to Fort William by the Sloop Elisabeth which may reach before the dispatch of the Europe ships back to us, acquainting them that after [we] he had writ them in our letter by the Derby who was arrived before their letters came away that this year we should want no [wares] nor Stores from them but Fifty jars of Oil, we are Surprized to find that they are Resolved to send us a quantity of Saltpetre upon [the] Returning Ships, that though they are ordered by the Honble Court of Directors in this years general Letter as they Say to send [us a] Sufficient Quantity of Petre, yet the Presidency of Fort William must know that the intention of our Honble Masters is to be understood, that they are to send said petre hither if wanted, which we [should] certainly have advised them had that been the case: but can never be understood to be that they should send us Petre to waste in our godowns years beside putting the Company to a double unnecessary

It is for several reasons agreed not to part with it in parcels but to propose to them to enter into a Contract for the whole, to which, they consent and the Contract is orderd to be prepard against next Consultation day.

that as the said Merchants are always used to make difficulties to take off the Broadcloth at the Company's Price when we come to propose to them to enter into a new contract for the Ensuing Investment, and that if we should gratify them now with the sortments they want, they will probably be more averse to taking off the remainder hereafter, we do therefore now insist upon their entering immediately into a contract with us for the whole, or we cannot let them have what they at present have occasion for, and they being called in and this Resolution communicated to them and Insisted upon, and that they must be obliged by Contract to pay for the said cloth as they receive it out of the warehouse and to Take off and pay for the whole at the usual advance upon the invoice price betwixt and the 1st. day of Febry 1727/28 they at last agreed to Contract with us for s^{d}. THE HUMBLE PETITION OF HIRDARAM

SHEWETH

That your Petitioner's brother Nundaram brought two thousand seven hundred and Seventy three Rupees from Arcot and procured therewith a Bill of Exchange on Bengal from Governour Collett. Yo^{r}. Petition^{rs}. Brother being murdered by Robbers on

his way to Bengal the Bill has not yet been paid; which your Petitioner hearing came to Madrass with the Nabob's Perwannah to Demand the repayment of the said money from Govern^{r}. Elwick and M^{r}. Benyon Attorneys to Governour Collett who Told your Petitioner that if he could bring a sufficient Security to indemnifie them, they would pay him. Your Petitioner has now Brought an Attestation signed by many Great Gentlemen at Arcott witnessing that your Petition^{r}. is the next heir to the said Deceased Nundiram which your Petitioner hopes is a Sufficient authority for receiving the said money and that your Hon^{r}. woud please to give such orders Therein as Your Hon^{r}. shall Think meet & Yo^{r}. Petition^{r}. &c^{a}.

The undersubscribers have at the request and desire of me Hirdaram son of Nelicant Braminy late Inhabitant of Arcott Set their hands and Seals to this Attestation signifying that I did to them Severally Declare that my brother Nundaram having a desire to return to his native country Bengal did set out from Arcot accordingly and took a Bill of exchange from Oppajee Nelicant and Suncaramah Merchants of said place upon Vencatachelum Son of Suncarama for two Thousand six hundred fifty six Rupees Payable in Madrass, which Bill was duly honoured that the said Nundiram afterward paid the money Into the hands of the then Governour of Madrass and having Allowed him a Praemium for the same took another Bill of exchange from him upon his Correspondents in Bengal for two thousand seven hundred Seventy three rupees Payable there, as will further Appear by a letter he wrote to Goolah Brauhi to the same Effect, that I have frequently sent letters to Bengal to enquire after him but not being able ever to learn any news of him it is most probable he must have been Cutt off in the way by the Robbers about Indostan, that I then procured a Perwanah from the Nabob to the Governour of Madrass concerning this matter and that the Governour of Madrass told me he was ready to pay the money if I could Prove by Certificate from the Codgee of Arcot that I was the True heir to Nundaram Deceased. In confirmation of which and that I am Brother to Nundaram deceased and the rightfull heir to his estate they have Set their hands and seals as above Specified in Arcot this tenth day of February 1722 to this Instrument to be produced for my justification when occasion shall offer.

Pitt Several Letters upon proper expedients for retrieving the declining state of that Settlement & upon effectuall measures to be Taken for enlarging the Investment There which has been of late in no proportion to the Expence of the Settlement, but that in order to come to any resolutions in these matters 'twill be necessary that M^r^. Pitt should come hither to be heard to some expedients he proposes by word of mouth, that as it must be Very Disagreeable to the Company to be informed how far that Settlement is declined of late and how little proportion the investment there Bears to their charge, it woud be very acceptable to them to receive advice by this shipp^s^. that we had a good expectation of enlarging that Investment next year and reducing the expence that therefore he had Desired to know of M^r^. Pitt whether the Company's affair there could be put into such a method of management as not to Suffer by his absence about the Time of dispatching the Shipping, and that he had writ him that he could Dispose matters so that they should not and that he would be ready to come hither in the last week of this month [...] we should order him, that he now for the [above assigned] reasons moved that M^r^. MEMORANDUM

The reason why the Customs of Fort S^{t}. David this year does not appear to amount to so much as last year, is because the customs was last year considerably risen by the Merchants being charged five ℔ cent customs on a large quantity of Turned out cloth Brought in on former investments.

N.T.

TO THE WORSP^{LL}. GEORGE MORTON PITT ESQ^{R}.

DEPUTY GOVERNOUR &C^{A}. COUNCIL OF FORT S^{T}. DAVID.

WORSP^{LL}. SIR & SIRS

I have at the request of the Deputy Govern^{r}. Projected a Windmill for the watering of the High grounds between Horsetail Point and Trepopilore river which I propose shall throw up at Least forty Tons of Water in an hours Time, the expence of the Mill exclusive of the Tank necessarry for the Receiver I Compute will amount to between three and four hundred pagodas.

I likewise have examined the Garden house but cannot advise the repair of it. Covering it is an expence to no purpose, the Timbers of the Floors being as much eaten by the white Ants as those that Support the roof, it is also sunk Considerably in the Front which makes me apprehensive of it's falling by reason that the place where the house stands is so low that the Water from all parts of the garden Settle There and must Sap the foundation. the Windows nor Doors are not arched at top but Support the Wall with peices of Plank which are so rotten that they crumble to Dust between

your Fingers. it is therefore my opinion that the charges of Repairs will be very great as all the materials must be new nor can I then assure it effectuall, because that the walls are so full of white Ants that nothing laid on them ca[n] last long.

have done so by which the Company are sufferers, but if Your Hon^{r}. &c^{a}. would order those that have empty Ground to pay Quit Rent particularly those near the Seaside for they can well afford it by reason they either use it themselves to lay Firewood in it or Rent it out to Merchants who Trade in Timber Plank Palmeras &c^{a}. which is a greater advantage to them than if Houses were Built; and those in other Parts of the Town that have empty ground and Houses to Pay the usual Scavinger's Duty for their Houses and half for the empty Ground, but if the ground is used to put any Goods of any Sort in then to pay the whole as when the House was standing and in case of any empty houses and Ground that there's no Owner to be found within a year after notice given, that then such houses or ground to be sold for the use of the Company, by this method, with Submission Abundance of poor may be relieved, and the Yearly bad Debts much reduced, all which I Leave to your Hon^{r}. &c^{a}. better judgment and am
